Veronica hair and makeup

Shorter than the heathers, almost a shag with textured bangs. Some mild crimping/waves, definitely more of the messy chic hair. Before “transformation”, either up in a hair scarf or hat. Makeup should be very minimal, as if not wearing any at all. After “transformation” add a pink lip

Chandler Hair and Makeup

Side part blow-out angelic curls, bold brows, muted nude lip, rosy high cheeks, pink nude eyes with blended brown liner and light mascara (the 80's natural look). Can wear in a loose low pony over the shoulder with her red scrunchy

Went with this
chanel inspired
one, keeping this
other blazer in
mind for if the one I
have ordered for
some reason
doesn't fit and we
need to return it

Heather Duke (Bre)

Duke Hair and Makeup

Like shes trying to copy chandlers look, but can't get the curls as effortless - there may be some teasing involved, but it should still look "good", just not as effortless. Makeup done a little heavier (little darker nude, perhaps black eyeliner instead of brown)

Blazer options: (Thrilling.com)

Went with this art deco inspired one. If it does not fit, I will have to do more looking or attempt to make one myself

Mcnamara Hair and Makeup

This. exact. Hair. (Big poofy half up half down and bouncy brushed out curls) with glossy lip and the 80s natural look.

Blazer options:

Went with this one. If it does not fit, I will have to do some looking for another one - I want mcnamara to have a little bit of a quirky flair to her blazer

Martha Hair and makeup

Definitely straight across bangs, brushed straight, and a high pony (either a fountain pony like on the left or a side pony like on the right). Natural makeup, eyebrows are not “shaped” in any particular way simply because martha is unaware that eyebrows are something that entails makeup. Cutesy flavored lipgloss rather than “nice” lipgloss. Everything should read wholesome.
